

ANNUAL RISK REDUCTION ACCOUNTING FORM

Please complete this form & return it to your Firewise Coordinator by **October 21st** – Thank you.

FIREWISE USA[®]
RESIDENTS REDUCING WILDFIRE RISKS

To maintain our FIREWISE USA recognition, annually (~November 1) we must report what we accomplished collectively as a Community to reduce wildfire risks. Things that count include cleaning gutters & rooftops, removing leaves, pine needles, weeds and debris, trimming trees & brush, removing dead & diseased vegetation, adding hardscape (concrete, pavers, gravel, etc.) around structures, replacing flammable materials with fire resistant materials (siding, roofing, storage sheds). For simplicity, please keep a general record of the following (estimate is fine):

Your Name: _____

Property Address: _____

Time Period: October 1st – September 30th ~~ ANNUALLY

Vegetation Removal

Cubic yards (hailed away): _____

Green waste containers filled: _____

Time Spent/worked (hours/days)

Personal time: _____

Hired time: _____

Money Invested (dollars \$\$\$)

Paid Help: _____

Services Hired: _____

Materials Purchased: _____

Notes/Comments (larger projects, to do next year, help needed, suggestions...)
